Bespoke Computing

To Chris, Matt

This is a testimonial to Bespoke Computing. The service you have provided Shires Fire & Safety has been A1, I can say hand on heart that Bespoke Computing has been as far the best IT company that we have ever dealt with, nothing has ever been to much trouble your quickest and professionalism has been out standing.

Many thanks to you both for your professional and quick action on getting the job done; I would not hesitate to recommend Bespoke Computing to anyone.

Regards,
